

Greenhouse Manager 2024

then moving into either Flower or Vegetable Harvest Lead for the remainder of the season

Job Description. Duties include some, or all, of the following:

- Run the Spring greenhouse operation for farm plantings and Certified Organic starter plants for gardeners in the community- seeding, pot-up, fertility, IPM
- Manage and implement greenhouse plan with complex succession plans and BD calendar
- Manage supplies, plant tags, inventory
- Hand- watering and oversee automated irrigation system
- Manage and train crew (crew fluctuates based on work needs)
- Farmers markets- Longmont or Boulder Saturdays
- Record keeping, planning, extensive note-taking
- Plan and manage flower plan, flower CSA, harvest, bouquets and bunching for markets- all certified organic, bee and pollinator friendly program
- Some general farm management and scheduling with team of managers

'Get grounded' with farm work! Good for the Earth, the Community, and You.

Work Schedule:

Monday-Friday, then T-Sa, with some Mondays as needed during peak times. Daily schedule varies with the season. 8- 10 hr days with shorter days early season.

Compensation:

\$18-22/hr plus CSA share. **2 yrs Greenhouse Experience minimum**, some flower experience
We may have housing options available, please inquire.

Work Experience/Skills Desired:

Experience in lead greenhouse role required. Some flower experience preferred. Strong interest in organic vegetables, ability to pace oneself and stay motivated, good communication and respect for others, and flexibility for changing tasks. Must be able to work long hours in all kinds of weather and be able to lift 50lb+. Must be able to commit to the full season through November. Clean driving record. Bilingual a plus. This is a high-level position which is personally fulfilling and engages the head, heart, and hand. Feel good about good work.

To Apply: Please send a resume, at least 3 work references (preferably the direct supervisor/owner at your last 3 jobs), and respond to the following questions:

1. Can you commit to the entire season (through November)?
2. Do you use any form of tobacco or nicotine? (Tobacco usage can spread disease to our tomato plants.)
3. Do you speak Spanish? (not a requirement, but can be helpful on the job!)
4. Describe your farm work experience and list your set of skills.

5. What will you contribute to our farm?
6. When things get hard, what do you do to take care of yourself?
7. What is Biodynamic agriculture to you?
8. Tell us something about yourself that you would like to share.
9. Full legal name, contact information

Send answers and resume to info@aspenmoonfarm.com Thanks, Aspen Moon Farm
